* Beginners may be recommended to select Cut type (12.90mm), which can be used as it is. Persons with intermediate and advanced skill may select L type, which can be adjusted the length based on the strength of player's abdominal breathing.

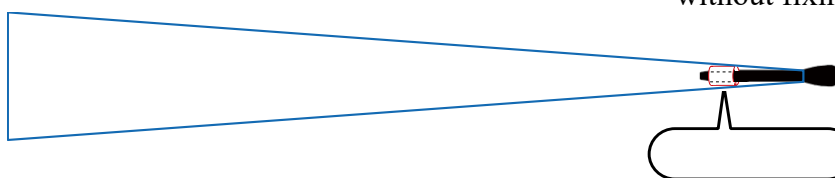

Remarkable features of our Darts:

- 1 New Shape of head pin (we call "Rocket Pin"):
Tip of head pin now changes to "Round shape", which is easy to stick into target.
New Shape of head pin may not crush the darts which were already stuck on the target.
New darts may not bounce off when hitting the target because of its new shape.
- 2 We improved the way of paintings, which results better durability.
- 3 We use a small tube inside Dart, which fix head pin in the center of Dart.
This may minimize the tremble during flying. (Patent pending)

Head pin is not placed in the center of dart without fixing inside tube

Fixing inside tube

Head pin is placed in the center of dart

Pipes

Products Code. SWFA-00200002

* attached mouthpiece has dart stopped inside

		Product No.	Unit Price

Mouthpiece

Products Code. SWFA-00200004

	Product No.	Unit Price
Mouthpiece with dart stoppers inside	4000	¥460
Length: 5cm		
Handling manual is attached.		
* Four inside dart stoppers keep a dart so that a dart is hard to fall down even if a blow pipe slants.		
* Please use darts with 12.80mm through 12.95mm diameter. Dart stoppers may not work effectively if diameter of dart is outside above sizes.		
* In order to keep personal hygiene, we recommend players to change mouthpiece periodically		

Silicon Mouthpiece (External)

Clear (transparent) color

4010

¥240

Pink color

4011

¥240

Outer diameter: 22mm, Length: 5cm

Handling manual is attached,

To be used over the mouthpiece (internal), this silicon made soft mouthpiece may be recommendable for the players who tend to bite the mouthpiece.

Disposable Mouthpiece - 30 Pack

4020

¥2,740

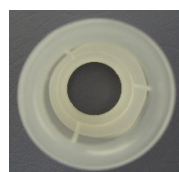

Length: 4cm

To be used over the mouthpiece, strongly recommendable for the expemential session of Fukiya where several players co-use one pipe.

It is easy to remove because of inside protuberances.

* This product must be disposed after use.

* Can not be used for the official meet and competition and Dan-I/Kyu-I accrediting test.
